EcoLock™

Vehicle Secured Idle Reduction System

Overview

- Automatically turns the engine off and on when specific conditions are met and the key is out of the ignition
- Configurable to custom conditions
- Helps meet anti-idling regulations
- Simple plug and play connections
- Keeps vehicle secure

Features

- **FUEL SAVINGS:** Cuts idling fuel consumption nearly in half; pays for itself in a short period of time
- **ECO-FRIENDLY:** Reduces carbon dioxide emissions and saves 19 lbs per gallon burned while idling
- Works while the key is removed from the ignition
- Thermostat regulation available to keep interior temperature comfortable for personnel or temperature-sensitive equipment
- For police vehicles, the gun rack and trunk release are disabled

Product features may vary by make, model or year. See instructions for complete details.
