

Police Interface Module

Multi-function System

Overview

- Designed specifically for police vehicles to allow for multiple features to be utilized
- Standard features include: Intelligent Switch Module and Dark Car
- Optional features include: Surveillance Mode, Chime Mute, Radio Mute and Fast Idle (some options are not available for all vehicles)

Features

- Configurable for multiple additional features
- Allows for custom programming of the AUX or radio switches on the steering wheel to operate as momentary, timed, radio or latching functions
- Can be used to activate lights, sirens, spotlights, push-to-talk radio and installed features
- Automatic fast idle is based on low VBat
- Enables mute on the AM/FM radio
- Eliminates all interior and exterior park lamps and chimes during entry/exit of the vehicle
