Work Truck Shift Interlock

Automatic Shift Interlock System

Overview

- Fully automatic system prevents the vehicle from shifting out of Park if equipment is not in a secure position
- Compact unit is easy to install
- Simple plug and play connections to the OEM chassis

Features

- **IMPROVES SAFETY:** Reduces the potential for personal injury or equipment damage that could occur if the vehicle is driven with equipment not properly stowed
- While operating any lift equipment, the interlock engages the OEM shift lock to stay in Park until equipment has been secured
- CPU performs self-diagnosis every time the vehicle is started
- Includes Intermittent Fault Filter® technology to eliminate false readings

Product features may vary by make, model or year. See instructions for complete details.
