

ECO-LOCK

VEHICLE SECURED

IDLE REDUCTION SYSTEM

OVERVIEW

- Turns engine on and off when specific conditions are met
- Configurable to custom conditions
- Works while key is removed from ignition yet locks everything up for safety
- Optional thermostat to keep drivers and passengers comfortable

CUTS YOUR FUEL CONSUMPTION IN HALF
AVAILABLE ON FORD INTERCEPTOR AND CHEVY TAHOE

WHY ECO-LOCK

FUEL SAVINGS

When the vehicle doesn't idle, you save money.

EFFICIENT

It's more efficient to turn a warm engine off and on, than to idle for more than 5 seconds.

AUTOMATIC

Conserve fuel without thinking about it.

ECO-FRIENDLY

Reduces CO2 emissions.

**PLUG AND PLAY
EASY TO INSTALL**
