Officer Protection Package

Detects Movement Behind Charger/Durango vehicles

Overview

- Increases an officer's situational awareness when parked and working inside the vehicle
- Detects movement behind the vehicle and alerts the driver with audio and visual warnings
- Uses the vehicle's OEM reverse sensing system, camera and cross traffic sensors
- Simple plug and play connection
- Available for the Dodge Charger Pursuit and Durango Pursuit; for government use only

OPP / Surveillance Mode Module features may vary by make, model or year. See instructions for complete details.

Features

- Activates the rearview display and monitors sensors while enabled
- When the sensors are tripped, the system will automatically:
 - Sound an alert chime
 - Lock the doors
 - Roll up the driver and passenger windows
 - Flash the rear lights
- Optional output to activate the light bar and/or siren
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings
