# AutoGARD™

## Anti-Theft Automatic Shift Lock

### Overview

- This theft prevention system automatically activates when the vehicle is placed in Park
- No need to press any buttons to enable; provides instant security when the vehicle is in Park and the driver is outside
- Perfect for required frequent exiting, such as delivery vehicles and ambulances

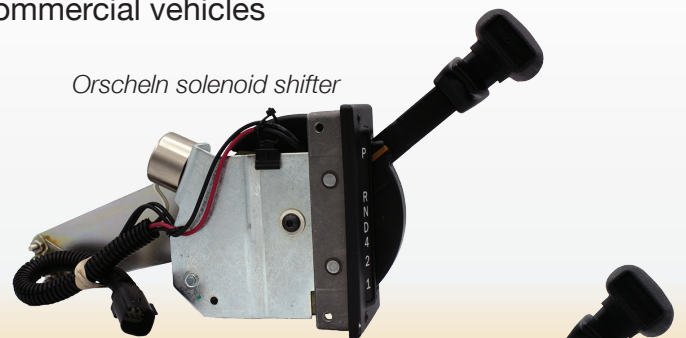

Meets new proposed CAAS specifications for anti-theft requirements.

### Features

- System auto-locks the transmission when the shifter is in Park; stops thieves from driving the vehicle away
- Works with the key in the ignition and the engine either on or off
- Discrete disable switch is easily hidden from view
- Specifically designed for extreme duty-cycle usage of delivery, ambulance and other commercial vehicles
