

Blackout Module

Vehicle Light and Sound Deactivation

Overview

- When enabled, the BOM eliminates exterior/interior lights and alert chimes (excludes daytime running lights)
- Specifically for law enforcement vehicles to aid in covert and surveillance operations
- Module automatically disengages for safety when vehicle speed reaches between 5-20 mph (configurable)

Features

Exterior lighting deactivated:

- Brake lights
- Parking lights
- Reverse lights

Interior lighting deactivated:

- Dome light
- Dims instrument cluster to 10% brightness

Chime mute functions:

- Seat belt chime
- Key ignition chime
- Headlights on chime
- Door ajar chime
