Emergency Door Module

Ensures Door Safety and Operation

Overview

- Prevents the vehicle from being started unless the emergency exit door (or window) is closed and unlocked
- Inexpensive safety enhancement solution for state requirements

Features

- Provides an audible alert to warn the driver if the emergency door is open and the engine is running
- Works in conjunction with electronics already in the vehicle
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings

Product features may vary by make, model or year. See instructions for complete details.
