

# HawkEye™

## Object Detection System

### Overview

- Alerts the driver with an audible warning when an object is detected in the front or rear of the vehicle
- Displays distance and location of the object being detected
- Contains up to eight ultrasonic sensors mounted in the front and rear bumpers
- Interfaces with the vehicle's CAN network to read chassis signals for automatic activation

### Features

- System automatically activates when the vehicle is stopped (foot on brake and transmission in Drive) or when in Reverse
- Object detection distance range is 4 to 10 feet based on the density of the object
- Audible rate pulses more rapidly as the object gets closer
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings

Product features may vary by make, model or year. See instructions for complete details.
