LockBoss™

Cabinet Lock Alarm System

Overview

- Offers total vehicle security without the hassle of multiple keys or fobs
- Locks/unlocks vehicle cabinets and tool boxes using the OEM fob
- Alarm sounds if locked cabinet is opened without the fob
- Available for RAM 2500-5500 vehicles; Ford and GM solutions coming soon

Features

- Alerts user with a short horn chirp if a cabinet is left ajar and vehicle doors are locked
- Fob unlock button will cancel alarm
- Includes a discrete silence button
- Simple plug and play connections to the OEM chassis and a flying lead to cabinet door switches
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings

Product features may vary by make, model or year. See instructions for complete details.
