

## Elkhart team members transition to new roles at InterMotive

**ELKHART, INDIANA** – November 20, 2024

InterMotive Vehicle Controls is proud to announce that Wes Rodgers and Kristle del Mundo have been promoted this month. Rodgers has accepted the position of Senior Operations Manager and del Mundo has advanced to Operations Support Supervisor in the Elkhart office.

Rodgers has been with InterMotive for over six years. He began his career with the company as a sales engineer and was quickly promoted to operations manager. Rodgers has been responsible for running the Elkhart office and handling InterMotive's product integration with local bus manufacturers. His duties will now include overseeing operations for a new wiring harness division of the company, InterMotive Connect.

"InterMotive is poised for significant expansion," says Rodgers. "I am eager to play a more substantial role in this journey, contributing to the ongoing success of the company."

Del Mundo started her career with InterMotive more than five years ago in an administrative capacity. Rodgers has high praise for her, stating, "Kristle has been instrumental in our development, both in Elkhart and across InterMotive as a whole. I look forward to witnessing her continued growth in this new position."
