Subject: InterMotive Warranty Coverage Change

Change

Effective immediately, installers, dealers and fleets will no longer need to register products for the second year of InterMotive warranty coverage – it is now standard with every InterMotive product.

Reason

This will eliminate administrative steps currently required by installers, dealers and fleets to get the 2nd year.

Other

The warranty timing starts at the product ship date. Please see the complete InterMotive warranty policies and procedures posted at <https://intermotive.net/returns/>.

Questions

Please contact InterMotive's Customer Care Department at 530-823-1048.

Regards,

Marc Ellison
