# EcoLock™

## Vehicle Secured Idle Reduction System

### Overview

- Automatically turns the engine off and on when specific conditions are met and the key is out of the ignition
- Configurable to custom conditions
- Helps meet anti-idling regulations
- Aids in preventing vehicle theft
- Simple plug and play connections

### Features

- **FUEL SAVINGS:** Cuts idling fuel consumption nearly in half; pays for itself in a short period of time
- **ECO-FRIENDLY:** Reduces carbon dioxide emissions and saves 19 lbs per gallon burned while idling
- Allows the user to exit the vehicle with the key and lock the doors while EcoLock operates
- Thermostat regulation option available to keep interior temperature comfortable for personnel or temperature-sensitive equipment
- For law enforcement vehicles, the weapons rack and trunk release are disabled
- Includes Intermittent Fault Filter™ (IFF) technology to eliminate false readings
