

InterMotive salutes SoundOff Signal as new product distributor

AUBURN, CALIFORNIA – June 9, 2020

InterMotive Vehicle Controls, a leading manufacturer of emergency response safety and performance optimization systems, has teamed up with SoundOff Signal to expand the sale and distribution of InterMotive products.

Leveraging SoundOff Signal's nationwide sales team and solid reputation in the emergency vehicle industry, InterMotive will now have an even greater reach for its plug and play solutions.

The two companies have partnered before to incorporate InterMotive technology with SoundOff Signal's bluePRINT® Control System, used for creating custom lighting and siren automation. Now, the joint effort focuses on delivering InterMotive systems to current and new customers while expanding the breadth of products SoundOff Signal offers.

"Our unique control systems coupled with SoundOff Signal's exceptional sales and widespread distribution capacity is a perfect match," said InterMotive President Greg Schafer. "SoundOff will amplify its sales menu and essential customers will receive their InterMotive products more quickly."

#

InterMotive Vehicle Controls provides commercial safety and performance optimization products. Our plug and play electronic control systems leverage a vehicle's own data networks to enhance its functions in new ways. InterMotive specializes in custom solutions for law enforcement, ambulance, fire truck, transit and paratransit, work truck, school bus, RV and personal-use mobility industries. To learn more, call 800-969-6080, visit www.intermotive.net or contact one of its dealers.

SoundOff Signal is an integrated, strategic lighting and controls manufacturer with approximately 400 employees across our Corporate Headquarters & Customer Center in Hudsonville, MI. We are committed to providing our customers with superior products and services, produced in an environment of continuous improvement, that meet or exceed their requirements and expectations for quality and delivery. To learn more, call 800-338-7337 or visit www.soundoffsignal.com.
