CATalert™

Catalytic Converter Anti-Theft Alarm

THEFT STATISTICS

- Catalytic converter theft has **increased almost 293% nationwide** in the past two years*
- Highest thefts reported in California, Texas, Minnesota, Washington and Illinois*
- Replacing a catalytic converter can cost between \$1,000 - \$3,000

**According to the State Farm Claims Data Report*

Overview

- Alarm system helps prevent catalytic converter theft
- Works on any commercial vehicle chassis

Features

- Any attempt to remove the catalytic converter or disable CATalert will cause the horn to honk and activate the interior lights
- Provides an output signal for telematic devices to report real-time tampering/theft
- Supports up to two catalytic converters as found in some vehicles
